

4-Stroke Motorcycle Engine Oil

POWER BIKE

SAE 20W50/20W40

API: SL

Product Description

Power Bike is a high performance mineral motor cycle engine oil for every day town and country riding. Emarat Power Bike 4T is a premium performance, shear stable, multigrade, multifunctional mineral oil specially designed for 4- stroke motor cycle engine.

Benefits

Power Bike provides the following benefits when used as recommended:

- Having stable viscosity both at low and high temperature.
- Delicious superior engine wear protection and high film strength for high revving motor cycle engines.
- Specialized additives help prevent ring sticking and build up of harmful deposits.
- Excellent oxidation stability under exposure to high operating temperature.

Application

Power Bike is highly recommended for 4-stroke motor engines such as Honda, Suzuki, Kawasaki, Yamaha, Bajaj and other motor cycles.

It is also designed for clutches and gear boxes, portable power equipment engines requiring JASO MA, MA2 and API SL Lubricants.

Properties

Power Bike is mineral based 4-stroke motorcycle oil specially formulated to provide outstanding, durable protection under severe high torque, high stress conditions.

Typical Characteristics

Power Bike	20W50	20W40
API Grade	SL	SL
Specific Gravity @ 15°C	0.8965	0.8800
Flash Point, °C	242	235
Pour Point, °C	-27	-27
Viscosity at 40, °C, cSt	151.0	99.00
Viscosity at 100, °C, cSt	18	13.75
Total Base No., Min.	8.0	8.0
Viscosity at Index	130	130

Credentials & Specifications

API: SL
JASO (T 903): JASO MA/MA2

Typical physical characteristics of Power Bike are given in the table. These are intended as a guide to the industry and are not necessarily manufacturing or marketing specifications.

Health and Safety

Detailed health and safety information for this product is provided in a Material Safety Data Sheet which is available upon request from your Emarat lubricants sales office, or via the Internet on www.emarat.ae
